## PUBLIC SCOPING WORKSHEET

## CLEAR CREEK MANAGEMENT AREA

## RESOURCE MANAGEMENT PLAN

We want to develop a broad "vision" for the future of BLM public lands in CCMA that reflects the values of the communities and people who live near, visit, and/or care about their public lands. Because the RMP will guide the area's management practices for the next 10-15 years, we need a clear understanding of where we are going and what we want to accomplish. Please take a few minutes to fill out this worksheet that will help us develop a vision for Your Public Lands. You may add more pages if you desire. **Please return by December 17, 2007**.

## **COMMUNITY BENEFITS AND CHALLENGES**

BLM Public Lands are part of the surrounding community. These lands are tied into the local economies, recreational activities, culture and social activities of the region.
