

Asbestos Alert

The Office of Safety & Health Administration (OSHA) policy regards exposure to asbestos of levels at or above 0.1 fibers per cubic centimeter within an 8-hour period may pose a potential hazard to human health. **Latest air sample readings: .008, .012, .010, .020.** Readings vary depending on the nature of the activity during sampling. Operating motorcycles and ATV's can generate significantly higher asbestos concentrations.

Fee Program Update

The Federal Register Notice should be published during the month of May. Six months from the date of publication, fee collection will begin. There will be a 30-day public comment period. For more information contact the Hollister Field Office at 831-630-5000.

Dry Season Restrictions

Go into effect from June 1st through October 15th. Call for more info.

CCMA Color Maps

You can now purchase for \$3.00 a large-scale two-sided route & trails map from the Hollister Field Office Monday -Friday or at the entrance station on weekends using cash, check, or credit card.

Improvements

Jade Mill Campground is nearing completion. Open routes signing is continuing and completion is anticipated by the opening of the FY08 season. Fences & barricades are being installed to protect sensitive resources.

CCMA Bulletin

May - June 2007

Members of RUTS (Racers Under the Son) gather for a delicious meal during their annual family trail bike ride.

BLM thanks those 17 Volunteers who spent Saturday, March 31st, maintaining trails near Barren 4.

← Young riders get their feet wet.

↓ Enjoying the view while taking a break during the ride.

Racers Under the Sun Annual Family Trail Bike Ride 2007

Participants get ready for the ride at the staging area.

Trail Maintenance Day

Volunteers cleared brush from the trails and removed safety hazards.
