### Moto GP

2002. Valentino Rossi  
2003. Valentino Rossi

### 500cc

1995. Mick Doohan  
1996. Mick Doohan  
1997. Mick Doohan  
1998. Mick Doohan  
1999. Alex Crivillé  
2001. Valentino Rossi

### 250cc

1988. Sito Pons

1989. Sito Pons

2000. Daijiro Kato  
2005. Dani Pedrosa

### 125cc

1971. Angel Nieto  
1972. Angel Nieto  
1979. Angel Nieto  
1988. Jorge Martínez Aspar  
1989. Alex Crivillé  
1999. Emilio Alzamora  
2003. Dani Pedrosa

### 80cc

1986. Jorge Martínez Aspar  
1987. Jorge Martínez Aspar  
1988. Jorge Martínez Aspar

### 50cc

1969. Angel Nieto  
1971. Angel Nieto  
1972. Angel Nieto  
1975. Angel Nieto  
1976. Angel Nieto  
1977. Angel Nieto

### Rally

Dakar 2004. Nani Roma

## "WORLD CHAMPION LUBRICANT"

In the world of motorcycle racing, champions are judged by how they perform under extreme conditions. At Repsol, we feel lubricants should be measured the same way.

For the last 35 years, Repsol has proven its durability in all forms of two-wheel competition, from AMA Pro Racing and MotoGP to the Dakar Rally. With more than 30 titles worldwide, Repsol is the championship lubricant for your bike.

Whether on the track or on the street, Repsol gives you the guaranteed highest reliability.

 **REPSOL**  
Lubricants

## 4-CYCLE OILS

### Racing 4T 10W50

Fully synthetic lubricant especially formulated for use in 4-stroke motorcycle engines in the most demanding conditions, such as is required in high competition racing. It has been developed in collaboration with competition teams.

The wide range of viscosity permits its use in winter and summer.

Meets JASO MA API SJ requirements.

1 liter bottles sold each, for a case order 12;  
4 liter bottles sold each, for a case order 6.

SIZE	RETAIL
<b>MOTO RACING 4T 10W50</b>	
1 Liter	\$10.89
4 Liter	\$42.25

### Synthetic 4T 10W40

Synthetic blend lubricant with high thermal stability, designed to meet the needs of the most technologically advanced 4-stroke motorcycle engines.

Excellent starting and lubrication in cold conditions due to its low viscosity.

Meets JASO MA API SG requirements.

1 liter bottles sold each, for a case order 12;  
4 liter bottles sold each, for a case order 6.

SIZE	RETAIL
<b>MOTO SYNTHETIC 4T 10W40</b>	
1 Liter	\$6.89
4 Liter	\$26.73

### 4T 15W50

Mineral based lubricant oil suitable for all types of 4-stroke engines.

Meets the requirements of the principal motorcycle manufacturers for 4-stroke engines with integrated transmissions. Its lubricating properties facilitate low temperature start and offer excellent protection at high temperatures. Meets JASO MA API SG requirements.

1 liter bottles sold each, for a case order 12;  
4 liter bottles sold each, for a case order 6.

SIZE	RETAIL
<b>MOTO 4T 15W50</b>	
1 Liter	\$4.59
4 Liter	\$17.29

Dakar rally 2004

## CHAIN LUBE

### Chain Lube

Synthetic spray lubricant with excellent adhesiveness for motorcycle chains with or without o' rings and other open transmission systems, including those who work at high temperatures, under extreme tension and dirt.

Excellent load capacity, anti-wear and anti-corrosion agents.

Exceptional anti-friction property improves the adherence of the product to the chain without flying-off. Water repellent.

0.145 liter cans sold each, for a case order 25.  
0.440 liter cans sold each, for a case order 12.

SIZE	RETAIL
<b>MOTO CHAIN LUBE</b>	
0.145 liter	\$4.19
0.400 liter	\$7.29

## 2-CYCLE OILS

**NEW!**

### Racing 2T

Fully synthetic lubricant with extremely high adhesiveness and superior antiwear properties.

Specially developed by Repsol YPF for racing engines either motocross, road racing or other highly demanding disciplines requiring a lubricant with a remarkable ability to avoid fusing and wear. Its formula provides a clean combustion, reducing the formation of carbon residues. Excellent miscibility with gasoline.

Recommended for pre-mix systems only.

1 liter bottles sold each, for a case order 12.

SIZE	RETAIL
<b>MOTO RACING 2T</b>	
1 Liter	\$12.95

### Competition 2T

Synthetic based oil with special additives specifically designed for high performance 2-stroke engines. Smokefree technology minimizes emissions, contributing to the reduction of pollutants. Exceptional protective film minimizes the possibility of seizing, prevents ring sticking and the formation of carbon residues while keeping the engine clean.

Can be used in pre-mix and oil injected engines. Meets the JASO-FC requirements.

1 liter bottles sold each, for a case order 12.

SIZE	RETAIL
<b>MOTO COMPETITION 2T</b>	
1 Liter	\$7.49

### Synthetic 2T

High quality synthetic blend oil for use in all 2-stroke engines. It boasts a balanced formula in order to obtain high engine performance and protect the engine against wear and residue formation.

The target of this product is a 2-stroke low stress use engine. Reduces friction and wear.

Can be used in pre-mix and oil injected engines.

Meets JASO-FB and API TC+ requirements.

1 liter bottles sold each, for a case order 12.

SIZE	RETAIL
<b>MOTO SYNTHETIC 2T</b>	
1 Liter	\$6.96

**NEW!**

### Scooter 2T

Synthetic blend lubricant specially designed to obtain the maximum performance and protection for 2-stroke engines, such as scooters and motorcycles. Excellent miscibility with gasoline. High protection against engine wear. Reduces corrosion on crankcase elements.

Suitable for pre-mix or injection systems. Meets JASO-FC and API TC+ requirements.

1 liter bottles sold each, for a case order 12.

SIZE	RETAIL
<b>MOTO SCOOTER 2T</b>	
1 Liter	\$6.49

## Clean and easy pouring

### Standard 2T

Mineral based lubricant oil for 2-stroke engines.

Good anti-wear and anti-seizing properties. Recommended for pre-mix applications.

Meets JASO-FB requirements.

1 liter bottles sold each, for a case order 12.

SIZE	RETAIL
<b>MOTO STANDARD 2T</b>	
1 Liter	\$4.95

The pouring system has been modified to make its use easier and cleaner.

01. A removable device has been designed by means of which the cap pulls out a flexible plastic tube or cannula used to pour the oil into the tank.

02. This same device allows the re-absorption of the extra liquid.

## SUSPENSION FLUID

### Fork Oil 10W20 and 15W30

Mineral based fork oil suitable for standard and upside-down forks. Excellent behaviour in all its applications whether these are sports oriented or urban. It comes with two viscosity grades: (Medium SAE 10W20 and Heavy SAE 15W30).

Excellent anti-corrosion, anti-rust and anti-wear properties. Highly resistant to ageing and optimum anti-oxidation quality.

0.5 liter bottles sold each, for a case order 24.

SIZE	RETAIL
<b>MOTO FORK OIL 10W20 (MEDIUM)</b>	
0.5 Liter	\$3.90
<b>MOTO FORK OIL 15W30 (HEAVY)</b>	
0.5 Liter	\$3.90

## REPSOL BIKE COVERS

Match your bike to your favorite MotoGP racer or team. Dust cover 100 % Polyester non-scratch material. Outstanding looks and style. Will keep your motorcycle clean and free of dust. Elastic edges for a non-slip fit. Made in Italy.

### REPSOL BIKE COVERS

Nicky Hayden bike cover '04	\$109.95
Alex Barros bike cover '04	\$109.95

**NEW!**

## GEAR OIL

### Transmission

SAE 10W30 mineral based lubricant designed to suit the requirements of gearboxes and clutches that need of an independent lubricant. Due to load capacity and anti-wear additive content, protects and prolongs the service life of the gears and clutch systems. Facilitates protection of gears and bearings ensuring smooth shifting.

Keeps the viscosity stable due to high viscosity index and shear resistance. Good thermal and oxidation stability.

0.5 liter bottles sold each, for a case order 24.

SIZE	RETAIL
<b>MOTO TRANSMISSION 2T 10W/30W</b>	
0.5 Liter	\$2.98

## BRAKE FLUID

**NEW!**

### Brake Fluid DOT 4

Synthetic composition fluid designed for hydraulic brake and clutch systems under severe service conditions.

DOT 4 Motor vehicle brake fluid.

Minimum Wet Boiling point 311°F(155°C).

Protects metals in the hydraulic system against corrosion.

0.200 liter bottles sold each, for a case order 24.

SIZE	RETAIL
<b>MOTO BRAKE FLUID DOT4</b>	
0.200 Liter	\$3.99

RETAIL
